

WEST VIRGINIA REPORT CARDS 1997-1998

MESSAGE FROM THE COUNTY SUPERINTENDENT

This Report Card contains information about Hardy County Schools. We are proud of our schools and we invite the public to attend school activities to view our schools firsthand. We specially invite parents to contact and visit the schools not only during Parent-Teacher Conferences and school activities, but anytime they have a question or concern. We also invite parents to volunteer to help out at school. Our enrollment continues to grow, which is a trend we expect to continue for some time.

Test scores for Hardy County high schools in 1997-1998 were among the very tops in the state. The scores for elementary and middle school students were generally above the national averages, but still indicated room for improvement. Our schools are all working hard to improve not only test scores but dropout rate, attendance, and other indications of a quality education program.

We continue to offer a wide range of special programs for students who have special educational problems. Hardy County schools have been blessed with able students, and it is the goal of our talented staff of educators to help these students achieve the highest educational goals.

If you have questions or concerns, please feel free to contact the principal of the school or the Central Office staff. The Hardy County Board of Education meets on Mondays at 7:00 p.m. and invites you to attend and participate in these meetings.
