

**EXECUTIVE SUMMARY
PROPOSED BUDGETS OF COUNTY BOARDS OF EDUCATION,
REGIONAL EDUCATION SERVICE AGENCIES, AND
MULTI-COUNTY VOCATIONAL CENTERS
FOR THE 2009-10 YEAR**

The attached schedules reflect the taxable assessed valuations, levy rates, projected regular levy gross tax collections, and summaries of the proposed budgets submitted by the fifty-five county boards of education, eight regional education service agencies, and seven multi-county vocational centers for the 2009-10 year.

Taxable Assessed Valuations:

The total statewide aggregate taxable assessed valuation for the 2009-10 year increased by \$3.3 billion over the previous year, an overall increase of 4.6%. Total taxable assessed valuations increased in all counties except Clay, Jefferson, Mason, and Webster. The total assessed valuations for each county are presented in Attachment 1.

The total taxable assessed valuations for the State for the 2008-09 and the previous year are:

	<u>2008-09</u>	<u>2009-10</u>	<u>Difference</u>	<u>Percent</u>
Non-public utility property	\$ 63,572,891,113	\$ 66,540,256,820	\$ 2,967,365,707	4.67%
Public utility property	<u>7,451,019,700</u>	<u>7,751,793,200</u>	<u>300,773,500</u>	<u>4.04%</u>
Total	<u>\$ 71,023,910,813</u>	<u>\$ 74,292,050,020</u>	<u>\$ 3,268,139,207</u>	<u>4.60%</u>

Levy Rates:

The rates for the regular school levy for the 2009-10 year are the same as for the previous year, which are: 19.40¢ / \$100 of assessed valuation for Class I property; 38.80 ¢ / \$100 of assessed valuation for Class II property; and 77.60¢ / \$100 of assessed valuation for Classes III and IV property.

One of the changes made to West Virginia Code §11-8-6f during the 2007 legislative session by SB 541 was to increase the percent that total projected gross tax collections can increase each year over the previous year's collections from 1% to 2%, exclusive of new property or improvements to existing property, without the Legislature either holding a public hearing or reducing the levy rates.

Consequently, the levy rates for the 2009-10 year did not need to be reduced for projected tax collections to remain within the 2% limit, and in fact, according to a report by the state tax commissioner, dated March 11, 2009, the levy rates could have been increased to 19.80¢/\$100 of assessed valuation for Class I property and still remained within the prescribed limit.

The county boards set the levy rates for all other purposes. The Class I levy rates set by each county board for the 2009-10 year for each purpose (general current expense, excess, permanent improvement, and bond) are reflected in Attachment 2. Pursuant to the State Constitution, the levy rates for Class II property are twice the rates for Class I and the rates for Classes III and IV are four times the Class I rates.

Summary of Projected Gross Tax Collections:

	<u>2008-09</u>	<u>2009-10</u>	<u>Difference</u>	<u>Percent</u>
Regular Levy	\$ 437,168,512	\$ 457,680,153	\$ 20,511,641	4.69%
Excess Levy	408,530,201	427,942,172	19,411,971	4.75%
Bond Levy	41,627,812	39,058,178	-2,569,634	-6.17%
Permanent Improvement Levy	<u>2,573,784</u>	<u>2,744,218</u>	<u>170,434</u>	<u>6.62%</u>
Total	<u>\$ 843,609,459</u>	<u>\$ 927,424,721</u>	<u>\$ 37,524,412</u>	<u>4.45%</u>

Projected Regular Levy Gross Tax Collections:

The total projected regular levy gross tax collections statewide for the 2009-10 year is \$457.6 million, an increase of \$20.5 million or 4.69% over the previous year's amount. Four county boards, however, realized a decrease in projected regular levy gross tax collections over the previous year, and they are the same four that realized a decrease in total taxable assessed valuation: Clay, Jefferson, Mason, and Webster. Under the Public School Support Program, an increase in the regular levy projected gross tax collections causes a decrease in state aid appropriated for the public schools and visa versa. The total projected gross tax collections by purpose for each county board are presented in Attachment 3 and a summary of the local share calculations are presented in Attachment 4.

Excess Levies:

Forty-three county boards of education will have excess levies in effect during the 2009-10 year, which is one less than the number as the previous year; Tucker County schools had a two year excess levy in place the previous two years that it did not intend to renew when it was originally passed. The excess levies of twenty-one (21) county boards of education were scheduled to expire at June 30, 2009, but with the exception of Tucker, all of the remaining county boards were able to renew their levies into the upcoming years. The twenty county boards were: Brooke, Doddridge, Fayette, Greenbrier, Hancock, Jackson, Kanawha, Lincoln, Logan, Marion, Mason, McDowell, Mingo, Morgan, Pleasants, Raleigh, Upshur, Wayne, Wood, and Wyoming.

The total collections from the Calhoun County Schools excess levy, however, are dedicated completely to support the Calhoun County Public Library and the collections from the excess levy of Preston County Schools are dedicated totally for the maintenance of facilities.

The total projected excess levy gross tax collections for the year is \$427.9 million, an increase of \$19.4 million or 4.75% over the previous year's amount. As mentioned in the preceding section, the projected gross tax collections by purpose are presented in Attachment 3.

The excess levy rates for the year range from 100% of the maximum rates authorized by statute (22.95¢ for Class I property) to a low of 2.3% (0.53¢ for Calhoun County Schools). Twenty-one county boards set their excess levy rates at 100% of the maximum allowed by statute, two more than the previous year. Hancock and Marion County schools were able to increase their rates to the maximum. As discussed in a preceding section, the levy rates for Class I property for all fifty-five county boards are reflected in Attachment 2.

If all fifty-five county boards were able to pass an excess levy at the maximum rates allowed, the potential excess levy gross tax collections would be \$544.7 million, which leaves an unused excess levy tax capacity among the fifty-five school districts of \$116.7 million.

Bond Levies:

Eighteen county boards will have bond levies in effect during the 2009-10 year, three less than the previous year. Barbour, Hampshire, and Raleigh were able to retire their bond issues during the current year, or have sufficient funds on deposit with the Municipal Bond Commission to do so without levying taxes for this purpose in the 2009-10 year. The total projected gross tax collections for bond purposes for the year is \$39.1 million, a decrease of \$2.6 million from the previous year's amount. As discussed in a preceding section, the projected gross tax collections by purpose for each county board are presented in Attachment 3.

Permanent Improvement Levies:

Four county boards of education have established a Permanent Improvement Fund and allocate a portion of their gross tax collections from the regular levy for this purpose, pursuant to the provisions of West Virginia Code §18-9B-14. In addition, nine other county boards have established the fund, but rather than dedicate a portion of their tax collections for capital improvements, they periodically transfer available funds from the

General Current Expense Fund to the Permanent Improvement Fund. The total projected permanent improvement gross tax collections for the 2009-10 year for the four county boards that have dedicated a portion of their regular tax collections for this purpose is \$2.7 million, an increase of \$170,434 over the previous year's amount. As discussed in a preceding section, the projected gross tax collections by purpose for each county board are presented in Attachment 3.

Designation of Levies for Public Libraries and Park Board:

Through special acts of the Legislature, a portion of the tax levies of eleven county boards of education are designated for public libraries. These dedicated funds are from regular levy proceeds in nine of the counties and from excess levy proceeds in two (Cabell and Lincoln). The eleven boards are: Berkeley, Cabell, Hardy, Harrison, Kanawha, Lincoln, Ohio, Raleigh, Tyler, Upshur, and Wood. A total of \$7.1 million is dedicated to public libraries through these special acts, \$5.6 million from regular levy collections and \$1.5 million from excess levy collections. In addition, \$421,608 of Cabell County Schools' excess levy proceeds is dedicated for support of the Huntington Park Board.

Proposed Budgets of County Boards of Education:

The total aggregate revenues, expenditures, and beginning fund balances budgeted by the fifty-five county boards of education for the 2009-10 year are:

<u>Fund</u>	<u>Estimated Revenues</u>	<u>Projected Beginning Balances</u>	<u>Budgeted Expenditures</u>
Current Expense	\$ 2,302,395,895	\$ 56,312,119	\$ 2,358,708,014
Special Revenue	433,385,155	585,527	433,970,682
Debt Service	36,974,090	8,672,731	45,646,821
Bond Construction	254,800	46,542,800	46,797,600
Permanent Improvement	21,403,397	9,971,974	31,375,371
Capital Projects Fund	<u>32,039,790</u>	<u>5,724,592</u>	<u>37,764,382</u>
Total	\$ <u>2,826,453,127</u>	\$ <u>127,809,744</u>	\$ <u>2,954,262,870</u>

County boards are required to include major federal programs in their proposed budgets using projected revenue estimates. Non-major state and federal programs and local revenues will be supplemented into the budgets when the amounts are known. The proposed budgets of all fifty-five county boards are summarized in attachments 5 and 6.

Projected Deficits as of June 30, 2009:

Hardy County Schools is the only school system that is projecting a deficit in its General Current Expense Fund at the end of the current fiscal year. The projected amount of \$350,000 is less than the actual deficit of (\$636,752) incurred at June 30, 2008, which indicates that the school system is making strides in correcting the situation. However, since this will be the third year for a deficit, it cannot be considered a casual (occasional or infrequent) deficit, even though the projected deficit is less than 3% of its budget.

Proposed Budgets of Regional Education Service Agencies:

Total aggregate revenues, expenditures, and beginning fund balances budgeted by the eight regional education service agencies (RESAs) for the 2009-10 year are:

<u>Fund</u>	<u>Estimated Revenues</u>	<u>Projected Beginning Balances</u>	<u>Budgeted Expenditures</u>
General Current Expense Fund	\$ 10,857,899	\$1,197,180	\$ 12,055,079
Special Revenue Fund	<u>19,488,459</u>	<u> -</u>	<u>19,488,459</u>
Total	\$ <u>30,346,358</u>	\$ <u>1,197,180</u>	\$ <u>31,543,538</u>

Like boards of education, RESAs are required to include all major federal, state and local projects in their proposed budgets, using projected revenue estimates. Non-major state and federal programs and local revenues will be supplemented into the budgets when the amounts are known. The proposed budgets submitted by the RESAs are summarized in Attachment 7.

Projected Deficits as of June 30, 2009:

None of the eight RESAs are projecting a deficit at June 30, 2009. RESA III incurred a casual deficit at June 30, 2008, but this deficit has apparently been corrected during the current fiscal year.

Proposed Budgets of Multi-County Vocational Centers:

Total aggregate revenues, expenditures and beginning fund balances budgeted by the seven multi-county vocational centers (MCVCs) for the 2009-10 year are:

<u>Fund</u>	<u>Estimated Revenues</u>	<u>Projected Beginning Balances</u>	<u>Budgeted Expenditures</u>
General Current Expense Fund	\$ 10,270,808	\$ 148,000	\$10,418,808
Special Revenue Fund	<u>1,989,738</u>	<u> -</u>	<u>1,989,738</u>
Total	\$ <u>12,260,546</u>	\$ <u>148,000</u>	\$ <u>12,408,546</u>

Like boards of education, MCVCs are required to include major federal projects in their proposed budgets, using projected revenue estimates. Non-major state and federal programs and local revenues will be supplemented into the budgets when the amounts are known. The proposed budgets submitted by the MCVCs are summarized in Attachment 8.

Recommendation for Approval:

It is recommended that the proposed budgets submitted by all fifty-five county boards of education, eight regional education service agencies, and seven multi-county vocational centers for the upcoming 2009-10 year be approved as summarized in the attachments.
