**Where does the data come from?**

The County's Financial Data File

---

---

---

---

---

---

---

---

**WV Chart of Accounts**

- Aligned with the account codes presented by the National Center for Education Statistics (NCES) in its publication entitled “Financial Accounting for Local and State School Districts – 2009 Edition”

---

---

---

---

---

---

---

---

**NPEFS**

- National Public Education Financial Survey
- Detailed county data summarized to a state total
- Revenues reported by source (local, state, federal)
- Expenditures by function and object

---

---

---

---

---

---

---

---

**Data from the NPEFS is used to:**

- Compare and contrast state rankings in the various revenue and expenditure categories by federal, state and local officials.
- Calculate a State Per Pupil Expenditure that is used in the formula for allocating federal program funds to states and school districts, including:
  - Title I
  - Impact Aid

---

---

---

---

---

---

---

---

**F-33**

- Local Education Agency Finance Survey
- Detailed data by school district
- Revenues reported by source (local, state, federal)
- Expenditures by function and object
- Enrollment

---

---

---

---

---

---

---

---

**Data from the F-33 is used:**

- By NCES for inclusion on various state and local government finance reports. This includes the calculation of US Gross Domestic Product.
- Reporting requirements for ARRA.

---

---

---

---

---

---

---

---

**School Level Expenditures**

- Requirement in ARRA statute for Title 1, part A
- Detailed data at individual school level
- Expenditures Only (state & local)
- By function and object
  - Emphasis on salaries
- Enrollment

---

---

---

---

---

---

---

---

**Data from the School Level Expenditures Collection is used to:**

- Examine how school-level education resources are distributed within and across school districts.
