

FOREWORD

The West Virginia Board of Education is authorized to review and approve the Primary Instructional Materials (textbooks, etc.) used in West Virginia public schools. In fulfilling this task, the West Virginia Board of Education establishes advisory and review committees comprised of teachers and other educational specialists who have expertise in the subject area(s) being considered.

The West Virginia Instructional Materials Review Committee, in cooperation with the West Virginia Instructional Materials Advisory Committee, conducted official hearings with publishers/vendors performing an extensive evaluation of instructional materials and programs submitted for review. The committee then recommended to the West Virginia Board of Education those materials deemed suitable for placement on the current multiple list.

This document provides information for schools to use in the selection of instructional materials. Part I of the Official State Multiple List contains the listings of instructional materials for primary instruction in the subject of Science and Health K-12. Part II provides a listing of supplementary materials that have been submitted by publishers/vendors.

The West Virginia Department of Education acknowledges the contributions of the members of the Instructional Materials Advisory Committee and the Instructional Materials Review Committee who participated in the review, analysis, deliberation, recommendation and approval process. The support of counties, higher education and the publishers and their respective representatives is deeply appreciated.

Steven L. Paine
State Superintendent of Schools

Free normal shipments to counties/schools (check one) - **Direct from Vendor, State Approved Depository**. Permission to translate into Braille, Large Type Editions, Audio Recordings, etc., will be filed with the American Printing House for the Blind, Louisville, Kentucky, within 30 day of adoption by the West Virginia Board of Education.

DEFINITIONS

TESTBOOKS, INSTRUCTIONAL MATERIALS AND LEARNING TECHNOLOGIES

“Textbooks”

The definition of “textbook” includes books; instructional materials, as used therein, means systems of instructional materials, or combinations of books and supplementary materials which convey information to the pupil; learning technologies, including, but not limited to, applications using computer software, computer assisted instruction, interactive videodisc; other computer courseware and magnetic media.

Primary Source Materials

The West Virginia Instructional Materials Advisory Committee reviews and recommends primary source materials to deliver Content Standards and Objectives.

Chapter 18, Article 2A, Section 8 of the Code provides: “No textbook, instructional materials, or learning technologies shall be used in public elementary or secondary school in West Virginia as the primary source to deliver the instructional goals and objectives for state required courses unless it has been approved and listed on the state multiple list by the West Virginia Board of Education, except as otherwise provided for in” [the waiver process].

Section 5 of the cited legal reference further provides: “The county board of education shall, upon recommendation of the county superintendent with the aid of a committee of teachers and not later than the first day of May of the year following that in which the multiple list for the group was made and approved, select from the state multiple list one or more items to deliver instruction...”

Supplementary Source Materials

Supplementary materials have either been bid by the vendor or determined by the West Virginia Instructional Materials Advisory Committee to be support material to accompany an approved primary source materials. Supplementary materials do not have to be reviewed or recommended for classroom use. Their presence in this document is solely for gaining a price advantage and assuring availability for the adoption period; however, several vendors submitted their materials for full review.

Free or Loaned Programs

Vendors were required to file on their bid(s) all free items that will be given away to any/all counties upon adoption/purchase. Only teacher’s edition/manual/guide that accompanies student instructional materials can be both bid and given away, as declared on the vendor’s bid.

STATE MULTIPLE LIST OF INSTRUCTIONAL MATERIALS PRIMARY SOURCE MATERIALS

NOTE: Primary Source Instructional Materials are those teaching materials placed in the elementary and secondary schools in West Virginia that are used as the primary source of instruction. The primary source instructional materials listed in this publication have been reviewed and judged to meet the generic and specific criteria assuring that the Content Standards and Objectives for Science and Health are delivered.
